# TOTALLY UNIQUE PRODUCTS!

## Roamwild Surround Pillow *adult*

- Memory foam with inflatable sides
- Comes in 4 colours - Pink & Grey, Black & Grey, Red & Grey, Blue & Grey

**NEW INNOVATION** - This unique travel pillow is the only travel pillow with adjustable side supports. The design combines a modern memory foam collar and two large adjustable side head supports. These supports help keep the spine aligned and neck ligaments not over extended, therefore reducing the risk of neck ache during and after travel.  
 100% UK designed & conforms to all relevant safety standards.

## Roamwild Surround Pillow *adult - Inflatable version*

Same design as adult memory foam pillow but **ALL inflatable** for compactness and for minimal storage and shipping -  
**Comes packed in a full colour box and with its own carry bag.**

## Roamwild Surround Pillow *For little travellers!*

- Comes in 2 colours - Lime Green & Grey and Purple & Grey  
*(images for illustration purposes only)*

Based on the same design as the adult Roamwild Surround pillow, this scaled down version is for little travellers. Designed to be worn backwards to prevent the child's head flopping forwards, the unique design fully supports the child's head. Comes in two vibrant colours 100% UK designed. Conforms to all relevant safety standards.

## Roamwild Surround Pillow *child - Inflatable version*

Same design as child memory foam pillow but **ALL inflatable** for compactness and for minimal storage and shipping -  
**Comes packed in a full colour box and with its own carry bag.**

## Armrest buddy *For the smaller travellers!*

- Comes in 4 cute toy designs

For the smaller travellers - this unique product transforms any armrest into a comfy pillow. Simply remove the blanket from inside the toy and then slide the hollow toy onto an armrest creating soft leaning area or a comfy pillow to rest their weary heads on & the blanket will keep them warm.  
 Conforms to all relevant safety standards.

**Tux** the penguin    **Lilly** the ladybug    **Rex** the T-Rex    **Ralph** the rabbit

Don't eat or fly without your airtushi

## airtushi The **SAFE** and portable child seating solution

- Suitable for 6 months to 3 years (or 15kg)

**Fully inflatable.** For the really small travellers, this is the ultimate travel highchair: padded backrest, padded seat, padded semi rigid sides to prevent sideways toppling, rigid front bumper bar to help the child sit up. **Bonus:** Compact and lightweight, this self-supporting booster is designed to be used with an airplane seat and lap belt. It has a twin air valve system for fast optimized inflation and rapid deflation when on the go. Once you reach your destination, Airtushi becomes a useful highchair accessory for self-catering accommodation and for restaurant use where highchairs are not readily available. Suitable for children from ages six months plus to three years, Airtushi is 100% wipe clean and quick drying. Conforms to all relevant safety standards - not to be used in motor vehicles. **Comes with its own carry bag.**

## airtushi 3+ airtushi 3+ **Booster seat**

- Suitable from 3 years

**Fully inflatable.** For the 'growing-up' traveller. This handy booster seat is ideal to use in the home or for travelling. Very compact to store. Padded backrest, padded seat, padded semi rigid sides. **Bonus:** Compact and lightweight, this self-supporting booster is designed to be used with an airplane seat and lap belt. It has a twin air valve system for fast optimized inflation and rapid deflation when on the go. Once you reach your destination, Airtushi becomes a useful booster seat accessory for self-catering accommodation and for restaurant use where highchairs are not readily available. Suitable for children three years plus. The Airtushi Plus is 100% wipe clean and quick drying. Conforms to all relevant safety standards - not to be used in motor vehicles. **Comes with its own carry bag.**
